

## Kevin O'Lenick Vitae

### SurfaTech Corporation

#### President

June 2007 - Present

President of SurfaTech Corporation, founded in 1997, a specialty chemical company with two distinct product groups.

1. **Silicone Specialties** - SurfaTech is proud to be associated with Siltech, a leading supplier of organo-functional silicones designed to provide outstanding efficiency in formulations by using the Greening with Silicone® concept.

2. **SurfaTech Corporation** is a company specializing in products that are naturally derived.

#### Vice President

### SurfaTech Corporation

Chemicals industry

June 2001 – June 2007

Vice President Sales and Marketing

### Education

#### Georgia Southern University

BS Marketing / Chemistry

1998 – 2001

## **Book Chapters**

### **Silicone Polymers in Skin Care**

**Author(s):** Anthony J. O'Lenick Jr. and Kevin A. O'Lenick

## **Articles**

### **Effect of Branching on Surfactant Properties of Sulfosuccinates**

By: Anthony J. O'Lenick, Jr., Siltech LLC and Kevin O'Lenick, SurfaTech Corp.  
November 2007 issue of C&T Magazine.

### **Formulating with Surfactant Silicones**

By: Anthony J. O'Lenick, Jr., Siltech LLC, and Kevin O'Lenick, SurfaTech Corp.  
January 2010 issue of C&T Magazine.

## Patents

|    | PAT. NO.  | Title   |
|----|-----------|---|
| 1  | 7,750,044 | Dimer poly-quaternary ester compounds                                     |
| 2  | 7,723,456 | Crosslinked silicone polymers based upon spider esters                    |
| 3  | 7,723,443 | Multifunctional linear silicone resin polymers                            |
| 4  | 7,718,750 | Multi alkoxyated silicone surfactants                                     |
| 5  | 7,569,607 | Spider esters in personal care applications                               |
| 6  | 7,473,707 | Spider esters in personal care applications                               |
| 7  | 7,462,729 | Silicone spider esters in personal care applications                      |
| 8  | 7,335,627 | Polymeric alkylpolyglycoside carboxylates                                 |
| 9  | 7,247,696 | Alkyl dimethicone copolyol sulfosuccinates                                |
| 10 | 7,045,506 | Personal care applications of surfactants based upon alkyl polyglycosides |
| 11 | 6,979,744 | Dimer amidopropyl dimethyl betaines                                       |
| 12 | 6,762,289 | Silicone functionalized alkyl polyglucoside surfactants                   |
| 13 | 6,683,032 | Multifunctional phospholipid surfactants                                  |
| 14 | 6,627,612 | Surfactants based upon alkyl polyglycosides                               |
| 15 | 6,620,794 | Guerbet functionalized phospholipids                                      |
| 16 | 6,461,598 | Process for conditioning hair   |
